FLUSH DISTRIBUTION BOARDS

Design element for cutting-edge architecture

Presenting the Metalbox series **flush distribution boxes** with a new line of finishes and shades. Graphite is the colour of the first model of the **Stile Edition**, an edition of special colours designed for architectural environments where design, quality and safety coexist in perfect harmony. With a simple, fast, easy and safe system to install, Metalbox is a **practical and elegant solution**.

METALBOX

Stile

A distinguishing element for unique, modern spaces. The Metalbox series adapts to environments that are functional without sacrificing design.
